

Directions

Day 1 (either during class or as homework)

1. Give each student a handout (page 1 above).
2. Explain how to fill it in (see sample below).

Day 2-students are in groups of 2's or 4's

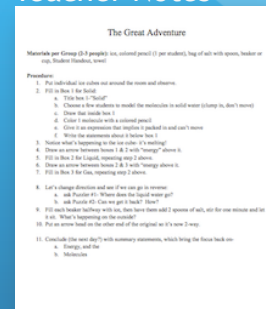

1. One person per group cuts theirs into 32 pieces. Others don't need to.
2. Play the memory game- place all 32 pieces face down & turn over two at a time. If they match (a fact with the correct name of the stage it goes with) they keep it. If not, turn them both back over and the other person/group takes a turn.
