

# Plate Tectonics-Electronic Scavenger Hunt

**Materials Per Student:** computer

**Procedure:**

1. Have students open their books. Look over the pages that the questions will come from so it's easier for them to locate answers.
2. Now have them open Question 1 on their computer and answer it together.
3. Open Question 2 by typing in the password, which is the code next to the correct answer from Question 1.
4. Repeat for the remaining questions.

| Question # | Password to open |
|------------|------------------|
| 1          | (none)           |
| 2          | fidewcea         |
| 3          | unb7cassui       |
| 4          | w3staafk         |
| 5          | ag2bakfe         |
| 6          | zghaiduy         |
| 7          | niu8mixijd       |
| 8          | cgx7tupn8w       |
| 9          | at7rncwet9       |
| 10         | rp7ysjawmu       |
| 11         | yes9deadjs       |
| 12         | eg2eggsicn       |
| All Done   | uf3uptjuxw       |
